

Jonathan and Bethany Edwards

Using Medicine and Technology to Grow Christ's Church

Making Disciples in Muslim Mango, Togo and Beyond

In February I (Jonathan) announced that I had asked Bethany to marry me and she accepted. While we're not married yet (as the name above might suggest)– that will come in early August – we are making preparations accordingly. What an exciting time!

Bethany will be I are planning to attend the training seminar together in July. (For those keeping track, this will be my 3rd time through training.)

Additional life transitions will see us be relocating to central Virginia where we will live and work until we are able to leave for language school. We have started building contacts with church and family partners there and in the surrounding areas into North Carolina. Pray that God would raise many partners from these areas. So... if you are in the Ohio-Michigan area and want to meet with us, please let us know soon because we won't be able to visit nearly as often as before.

The ministry focus has not changed. I will continue to manage and build IT related ministries and Bethany, an RN, will minister at home and at the hospital.

We thank you for your continued prayers as we continue to seek partners for God's work in Togo. We have increased our financial support by over 7% in the last few months to over 33% and at this rate hope to be ready to leave for language school before the beginning of 2018. Praise the Lord that He provides abundantly.
